All, I did this last year with Nathan and George and had a great time! If any of you would like to attend and read with the kids, please let me know. POPD should probably limit the amount of officers to 5-6, because there are quite a bit of military personnel and other LE and fire agencies there too. Please let me know ASAP if you are interested so that I can let Ms. Wall know how many she can expect so she can ensure that all the classes have readers :-)
