Subject: Free Online Courses

All,

Below is a link to free online courses for LE dealing with computer crimes and human trafficking. It's through the National White Collar Crime Center. You have to sign up for an account in order to take a class. No overtime is authorized to take these classes. If you take a class make sure to print out the certificate.

<http://www.nw3c.org/training/online-training>

Let me know if you have any questions.

Thanks.

J. Glantz
